NOTE: This document is an evaluation of this institution's record of meeting the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. This evaluation is not, and should not be construed as, an assessment of the financial condition of this institution. The rating assigned to this institution does not represent an analysis, conclusion, or opinion of the federal financial supervisory agency concerning the safety and soundness of this financial institution.

Overall CRA Rating

Institution's CRA Rating: This institution is rated **Satisfactory**.

The lending test is rated: Satisfactory

The community development test is rated: Outstanding

The overall performance of Bank of Southern California, National Association (BoSC or bank) reflects satisfactory responsiveness to community credit needs. The major factors that support this rating include:

- The Lending Test rating is based on the bank's record of performance in meeting the credit needs of its assessment areas (AAs) during the evaluation period through its lending activities.
 - The loan-to-deposit (LTD) ratio is reasonable given the bank's size, financial condition, and business strategy.
 - The bank originated a substantial majority of its loans within its AAs.
 - The geographic distribution of loans reflects reasonable distribution throughout the bank's AAs.
 - Lending activities represent poor distribution to businesses of different sizes.
- The Community Development (CD) Test rating is based on the aggregate assessment of the bank's community development activities for loans, investments and donations, and services in the bank's AAs.
 - The bank's CD activities demonstrate an excellent level of responsiveness based on available opportunities in the AAs during the evaluation period.

Loan-to-Deposit Ratio

Considering the bank's size, financial condition, and credit needs of the AAs, the bank's loan-to-deposit ratio is reasonable. The quarterly average LTD ratio for the previous 12 quarters ending December 31, 2023, was 89.33 percent, with a high of 99.75 percent and a low of 75.56 percent.

BoSC's average LTD ratio compares favorably to other financial institutions of similar size, AA demographics, and lending products. For purposes of comparison, we selected five banks that BoSC considers direct competitors for loans and deposits in its AAs. The combined quarterly average LTD ratio for these institutions over the same period was 88.17 percent. Their average LTD ratios ranged from a high of 99.19 percent to a low of 76.40 percent.

Lending in Assessment Area

A substantial majority of the bank's loans are inside its AAs.

The bank originated and purchased 96.3 percent of the number of loans and 96.8 percent of the dollar volume inside the bank's AAs during the evaluation period. This analysis is performed at the bank, rather than the AA, level. This percentage does not include extensions of credit by affiliates that may be considered under the other performance criteria. Lending Test conclusions are based upon loans originated and purchased inside the bank's AAs.

Description of Institution

Bank of Southern California, N.A. is an intrastate full-service community bank headquartered in San Diego, California, near the community of Del Mar. The bank was chartered in December 2001 as Ramona National Bank. The bank relocated to the north San Diego County area in March 2007 and changed its name to First Business Bank. In June 2010 the name was changed to Bank of Southern California, N.A. BoSC acquired Bank of Santa Clarita (BSC) in October 2021. In May 2020, BoSC became a wholly-owned subsidiary of Southern California Bancorp, a one-bank holding company. BoSC has no affiliate relationships.

The bank operates 13 full-service branches in the contiguous counties of San Diego, Riverside, San Bernardino, Orange, Los Angeles, and Ventura. These counties make up BoSC's four AAs. In July 2021, the bank converted the Westlake Village Loan Production Office (LPO) into a full-service branch and designated Ventura County as a new assessment area. With the BSC acquisition the Santa Clarita branch was added to the bank's geographic footprint in Los Angeles County. The bank has eight branches located in upper-income census tracts (CTs), Carlsbad, Del Mar, Encino, Rancho Mirage, Rancho Santa Margarita, Santa Clarita, West Los Angeles, and Westlake Village. Two branches are located in middle-income CTs, Downtown San Diego and Irvine. There are two branches located in moderate-income CTs, Glendale and Ramona. The La Quinta branch is located in an unknown CT. During the evaluation period management also opened the Encino branch on March 22, 2021 and converted the West Los Angeles LPO into a full-service branch on April 19, 2021. In addition, the Orange, Redlands, and Santa Fe Springs branches were sold to another financial institution on September 24, 2021.

The bank offers a variety of traditional banking products to consumer and business customers. Deposit products include checking, savings accounts, certificates of deposit, and money market accounts for personal and business. Loan products include commercial real estate (CRE), construction, commercial and industrial (C&I) loans, and business lines of credit. The bank also participates in the Small Business Administration (SBA) 7(a) and 504 loan programs and is an SBA Preferred Lender. Consumer loans are limited to home equity lines of credit (HELOCs). Both business and personal credit cards are available, but are co-branded through Elan Financial Services.

Only the La Quinta, Ramona, Rancho Mirage, and Rancho Santa Margarita branches offer automated teller machines (ATMs) and night drop services. Drive-up teller services are located at the La Quinta and Rancho Mirage branches. Safe deposit box services are available at the Glendale, La Quinta, Ramona, and Rancho Mirage branches. All branches are open for business Monday through Friday

from 9:00 AM to 5:00 PM. BoSC also offers a variety of alternative banking services including telephone banking, online banking, mobile banking, direct deposit, Remote Deposit Capture (RDC), bill payment, Automated Clearing House (ACH) origination, lockbox services, merchant services, and cash vault services.

As of December 31, 2023, BoSC reported total assets of \$2.36 billion, total loans of \$1.96 billion, total deposits of \$1.95 billion, and total tier 1 capital of \$270.34 million. Total loans represented approximately 83.0 percent of total assets. Refer to the table below for a summary of the loan portfolio by major loan types.

| Bank of Southern California, N.A. Loan Portfolio by Major Product Type as of December 31, 2023 | | |
|---|-----------------|-----------------------|
| Loan Type | \$(000s) | % of Portfolio |
| Commercial RE | 1,023,889 | 52.1 |
| Commercial & Industrial | 326,202 | 16.6 |
| Construction | 243,521 | 12.4 |
| Multifamily Residential RE | 221,247 | 11.3 |
| 1-4 Family Residential RE | 143,903 | 7.3 |
| Consumer | 4,387 | 0.2 |
| Farmland | 1,643 | 0.1 |
| Total | 1,964,792 | 100.0 |

There are no legal, financial, or other factors impeding the ability of the bank to meet credit needs in its communities. BoSC received a “Satisfactory” rating under the intermediate small bank (ISB) Community Reinvestment Act (CRA) procedures at their March 15, 2021 CRA examination.

Scope of the Evaluation

Evaluation Period/Products Evaluated

This performance evaluation (PE) assesses the CRA performance of Bank of Southern California, using ISB CRA examination procedures. We performed a full-scope examination of the bank’s four assessment areas. Refer to appendix A for detailed information.

Consistent with BoSC’s business strategy, OCC examiners reviewed the bank’s primary product of loans to businesses. This evaluation also included an assessment of the bank’s community development lending, investments and donations, and services activities. The evaluation period for both the lending test and CD test is January 1, 2021 through December 31, 2023.

With an evaluation period end date of December 31, 2023, bank qualifying activities performed in response to the significant impact the COVID-19 pandemic had on economies across the United States are addressed in this evaluation. This includes the more than 1,800 PPP loans that the bank originated in 2021. The bank opened their PPP loan portal to all interested borrowers and as a result made loans to both existing customers as well as noncustomers in both California and across the United States.

Due to the Census data changing during the evaluation period, we compared loans originated from January 1, 2021 through December 31, 2021 to 2015 American Community Survey (ACS) Census data, and loans originated from January 1, 2022 through December 31, 2023 to 2020 U.S. Census data.

Selection of Areas for Full-Scope Review

In each state where the bank has an office, one or more of AAs within that state was selected for a full-scope review. For purposes of this evaluation, bank delineated assessment areas located within the same metropolitan statistical area (MSA), multistate metropolitan statistical area (MMSA), or combined statistical area (CSA) are combined and evaluated as a single AA. Similarly, bank delineated non-MSA AAs within the same state are combined and evaluated as a single area. These combined AAs may be evaluated as full- or limited-scope. Refer to the “Scope” section under each State Rating for details regarding how full-scope AAs were selected. Refer to appendix A, Scope of Examination, for a list of full- and limited-scope AAs.

Ratings

The bank’s overall rating is a blend of the state ratings, and where applicable, multistate ratings.

BoSC has four AAs. Equal weighting for the evaluation was placed on all four AAs.

The MMSA rating and state ratings are based on performance in all bank AAs. Refer to the “Scope” section under each state and MMSA Rating section for details regarding how the areas were weighted in arriving at the respective ratings.

Discriminatory or Other Illegal Credit Practices Review

Pursuant to 12 CFR 25.28(c) or 195.28(c), respectively, in determining a national bank’s or federal savings association’s (collectively, bank) CRA rating, the OCC considers evidence of discriminatory or other illegal credit practices in any geography by the bank, or in any AA by an affiliate whose loans have been considered as part of the bank’s lending performance. As part of this evaluation process, the OCC consults with other federal agencies with responsibility for compliance with the relevant laws and regulations, including the U.S. Department of Justice, the U.S. Department of Housing and Urban Development, and the Bureau of Consumer Financial Protection, as applicable.

The OCC has not identified that this institution (or any affiliate whose loans have been considered as part of the institution’s lending performance) has engaged in discriminatory or other illegal credit practices that require consideration in this evaluation.

The OCC will consider any information that this institution engaged in discriminatory or other illegal credit practices, identified by or provided to the OCC before the end of the institution’s next performance evaluation in that subsequent evaluation, even if the information concerns activities that occurred during the evaluation period addressed in this performance evaluation.

State Rating

State of California

CRA rating for the State of California: Satisfactory

The Lending Test is rated: Satisfactory

The Community Development Test is rated: Outstanding

The major factors that support this rating include:

- The geographic distribution of loans reflects reasonable distribution throughout the bank's AAs.
- Lending activities represent poor distribution to businesses of different sizes.
- BoSC's aggregate level of responsiveness to CD needs is excellent.

Description of Institution's Operations in California

San Diego County Assessment Area

Bank of Southern California designated San Diego (SD) County as an AA. The county makes up the entire San Diego-Chula Vista-Carlsbad, CA MSA and consists of 737 census tracts (CTs): 46 low-income; 167 moderate-income; 262 middle-income; and 248 upper-income. In addition, 14 CTs do not report data and are listed as unknown. The AA meets the requirements of the regulation and does not arbitrarily exclude low- and moderate-income (LMI) geographies.

The primary lending products in the SD County AA are commercial and industrial loans, construction/land loans, commercial real estate loans, and SBA loans. The bank has four branches in the AA: Carlsbad, Del Mar, Downtown San Diego, and Ramona. The Ramona branch is located in a moderate-income CT and is the only branch that offers ATM services in the AA. The Downtown San Diego branch is located in a middle-income CT. Both the Carlsbad and Del Mar branches are located in upper-income CTs. Competition from other financial institutions is strong in the SD AA. As of June 30, 2023, the FDIC Deposit Market Share report indicates bank's deposits inside the AA totaled \$701.5 million, ranking 18th in deposit market share with 0.58 percent of the AA's deposits. A total of 45 financial institutions, with a combined 465 branches, competed for deposits of over \$121.7 billion in San Diego County. This includes three nationwide mega-banks with a combined 233 branches that account for 53.1 percent of total deposit market share, representing \$64.6 billion in deposits.

The top industries in the SD AA include international trade, manufacturing, military, and tourism. The largest employer in the AA is the Federal Government, which includes the Department of Defense as there are a number of U.S. naval bases, the Naval Medical Center San Diego, the U.S. Marine Corps, and the U.S. Coast Guard. Other major employers include Collins Aerospace, and the University of California and UC Health.

To assess community needs, we reviewed information from recent interviews with two organizations providing services in the SD AA. Community needs in the AA include nonprofit, entity-based working and lending capital for affordable housing development, nonprofit grant support for credit strengthening, lending and equity investment in rent-restricted affordable rental apartments, and marketing to low-income renters and connecting them to banking services. The frequency of startup businesses as well as lending activity in San Diego County has slowed due to inflation and higher interest rate environment. The area has also been impacted by the outflow of residents exceeding the inflow of residents.

Individuals have been willing to move away due to remote job opportunities and the rising cost of living in the AA. Although business activity has slowed, opportunities for financial institutions to provide assistance are prevalent throughout the AA. Local financial institutions can help facilitate the education on grants and programs that assist small businesses through workshops or webinars in LMI communities. One of the contacts said that large banks have been active in the community, however, once goals have been reached, participation slows down. The contact indicated that the large bank activities do not seem to be based on the needs of the community, but rather on what will meet their minimum CRA credit requirements.

The information in the following table provides SD County AA demographic information for 2023.

| Table A – Demographic Information of the Assessment Area | | | | | | |
|---|-----------|-------------------|------------------------------|----------------------|---------------------|-------------------|

| | | | Families Below Poverty Level | | | 7.2% |
| <i>Source: 2020 U.S. Census and 2023 D&B Data. Due to rounding, totals may not equal 100.0%. (*) The NA category consists of geographies that have not been assigned an income classification.</i> | | | | | | |

Inland Empire Assessment Area

Bank of Southern California, N.A. designated Riverside County and San Bernardino County, also known as the Inland Empire (IE), as an AA. Together the counties make up the Riverside-San Bernardino-Ontario, CA MSA and include 984 CTs: 48 low-income; 282 moderate-income; 362 middle-income; and 279 upper-income. In addition, 13 CTs do not report data and are listed as unknown. The AA meets the requirements of the regulation and does not arbitrarily exclude LMI geographies.

The primary lending products in the IE AA are SBA loans, commercial and industrial loans, and commercial real estate loans. The bank has two branches in the IE AA: La Quinta and Rancho Mirage. The Rancho Mirage branch is located in upper income CT and La Quinta branch is located in an unknown income CT. Both branches have an ATM on-site. Competition from other financial institutions

is strong in the IE AA. As of June 30, 2023, the FDIC Deposit Market Share report indicates the bank’s deposits inside the AA total \$211.7 million ranking 25th in deposit market share with 0.28 percent of the AA’s deposits. A total of 39 financial institutions, with a combined 466 branches competed for over \$76.6 billion deposits in the Inland Empire. This includes three nationwide mega-banks with a combined 227 branches that account for 64.8 percent of total deposit market share, representing \$49.7 billion in deposits.

The top industries in the IE AA include healthcare, military, retail, and transportation and warehousing. Major employers in the IE AA include Stater Brothers Markets, Arrowhead Regional Medical Center, U.S. Marine Corps, Fort Irwin, Walmart, and University of California - Riverside.

To assess community needs, we reviewed information from recent interviews with four organizations providing services in the Inland Empire AA. General banking needs in the AA include affordable housing and small business funding. Additionally, financial education needs continue to persist, and education is essential to bridge the gap between business owners who can attain capital through banks versus uneducated small business owners who don’t have the necessary information or financials to apply for loans. The contacts have seen an increase in webinar enrollment, which supports the demand for financial education among LMI individuals in the AA. Housing prices in the AA have increased which caused rental rates to increase at a faster pace than inflation, and faster than financial assistance programs can help. The contacts emphasized the need for local financial institutions to invest in affordable housing programs as well as assist with improving financial literacy in the AA through workshops or webinars.

The information in the following table provides Inland Empire AA demographic information for 2023.

| Table A – Demographic Information of the Assessment Area | | | | | | |
|---|-----------|-------------------|------------------------------|----------------------|---------------------|-------------------|
| Assessment Area: Inland Empire AA | | | | | | |
| Demographic Characteristics | # | Low % of # | Moderate % of # | Middle % of # | Upper % of # | NA* % of # |

Southern California Assessment Area

Bank of Southern California designated both Los Angeles County and Orange County, also referred to as Southern California (SC), as an AA. Each of these counties is a separate Metropolitan Division (MD), Los Angeles-Long Beach-Glendale, CA MD and Anaheim-Santa Ana-Irvine, CA MD. Together these MDs make up the Los Angeles-Long Beach-Anaheim, CA MSA. For this PE the MDs will be combined, analyzed, and evaluated at the MSA level as one AA. The AA includes 3,112 CTs: 178 low-income; 856 moderate-income; 926 middle-income; and 1,071 upper-income. In addition, 81 CTs do not report data and are listed as unknown. The AA meets the requirements of the regulation and does not arbitrarily exclude LMI geographies.

The primary lending products in the SC AA are commercial and industrial loans, commercial real estate loans, construction/land loans, SBA loans, and multifamily loans. The bank has six branches in the AA: Encino, Glendale, Irvine, Rancho Santa Margarita, Santa Clarita, and West Los Angeles. The Encino, Rancho Santa Margarita, Santa Clarita, and West Los Angeles branches are located in upper-income CTs. The Irvine branch is located in a middle-income CT. The Glendale branch is located in a moderate-income CT. During the evaluation period management opened the Encino branch and converted the West Los Angeles LPO into a full-service branch. In addition, the Orange, Redlands, and Santa Fe Springs branches were closed. The Rancho Santa Margarita branch is the only one in the AA that has an ATM on-site.

Competition from other financial institutions is strong in the SC AA. As of June 30, 2023, the FDIC Deposit Market Share report indicates the bank's deposits inside the AA are \$997.8 million and ranks 41st in deposit market share with 0.14 percent of the AA's deposits. A total of 108 financial institutions, with a combined 2,029 branches, competed for over \$695.5 billion of insured deposits in Southern California. This includes three nationwide mega-banks with a combined 933 branches that account for 50.1 percent of the deposit market share, representing \$348.7 billion in deposits.

The top industries in the SC AA include entertainment, hospitality and tourism, aerospace and defense, information technology, and trade and logistics. Major employers in the SC AA include Disney Resorts, University of California - Irvine, St. Joseph Health, Cedars-Sinai Medical Center, Los Angeles International Airport LAX, and the University of California Los Angeles.

To assess community needs, we reviewed information from recent interviews with five organizations providing services in the SC AA. All five contacts communicated a significant need for financial literacy workshops given the AA's ethnic diversity and growing minority populations. Language barriers make it difficult for certain populations to seek and attain credit, and local financial institutions have the opportunity to make a positive impact on underserved communities. One of the contacts stated that financial literacy workshops in the past have greatly benefitted LMI communities. Overall banking needs include credit counseling, small consumer loans, and affordable housing. Recent economic factors including inflation and higher interest rates have caused construction and land costs to increase, which has led to an increase in homelessness in the AA. In addition, increased income inequality has also had a negative impact on affordable housing. There are lending opportunities for local financial institutions to provide credit building loans, which would help LMI individuals gain credit to bridge the gap between the mortgage rates of wealthier individuals.

The information in the following table provides SC AA demographic information for 2023.

Table A – Demographic Information of the Assessment Area**Assessment Area: Southern California AA**

| Demographic Characteristics | # | Low % of # | Moderate % of # | Middle % of # | Upper % of # | NA* % of # |
|--|------------|------------------------------|----------------------------|--------------------------|-------------------------|-----------------------|

Ventura County Assessment Area

Bank of Southern California, N.A. has designated Ventura County (Ventura) as an assessment area. The county makes up the Oxnard-Thousand Oaks-Ventura, CA MSA and includes 190 CTs: nine are low-income; 46 are moderate-income; 77 are middle-income; and 55 are upper-income. In addition, three CTs do not report data and are listed as unknown. The AA meets the requirements of the regulation and does not arbitrarily exclude LMI geographies.

The primary lending products in the Ventura AA are commercial and industrial loans, commercial real estate loans, and construction/land loans. The bank has one branch in the Ventura AA, the Westlake Village branch which is located in an upper-income CT. Competition from other financial institutions is strong in the Ventura AA. As of June 30, 2023, the FDIC Deposit Market Share report indicates the bank's deposits inside the AA are \$71.8 million and ranks 17th in deposit market share with 0.29 percent of the AA's deposits. A total of 20 financial institutions, with a combined 128 branches, competed for over \$24.8 billion of insured deposits in Ventura County. This includes three nationwide mega-banks with a combined 65 branches that account for 69.7 percent of the deposit market share, representing \$17.3 billion in deposits.

The top industries in the Ventura AA include education and health services, defense and aerospace, technology, manufacturing, and agriculture. Major employers in the Ventura AA include Ventura Naval Base, Amgen, Inc, Naval Air Warfare Ctr Weapons, Bank of America, and WellPoint Health Networks, Inc.

To assess community needs, we reviewed information from a recent interview with an organization providing services in the Ventura AA. The contact said the greatest challenge in the AA is the lack of affordable housing for not only low- and moderate-income populations, but also for the middle-income population. There is a need for small business loans, especially for micro businesses and startups. Capital continues to be a significant need for both new and growing businesses. Opportunities for participation by local banks include providing funding and resources to support small business workshops and assisting with marketing the workshops to the community. The contact stated that local institutions have been providing support in the AA, but additional support from other institutions is always needed.

The information in the following table provides Ventura AA demographic information for 2023.

| Table A – Demographic Information of the Assessment Area | | | | | | |
|---|-----------|------------------------------|------------------------|----------------------|---------------------|-------------------|

Scope of Evaluation in California

The CRA evaluation determines the bank’s record of meeting community credit needs. The OCC used a combination of bank and examiner generated loan and/or demographic reports to assess the bank’s CRA performance. The evaluation period for the lending test is January 1, 2021 through December 31, 2023.

CONCLUSIONS WITH RESPECT TO PERFORMANCE TESTS IN CALIFORNIA

LENDING TEST

The bank’s performance under the Lending Test in California is rated Satisfactory.

Conclusions for Areas Receiving Full-Scope Reviews

Based on full-scope reviews of the bank's four AAs, the bank's lending performance in the state of California is Satisfactory.

Distribution of Loans by Income Level of the Geography

Overall, the bank exhibits reasonable geographic distribution of loans in the state.

Small Loans to Businesses

Refer to Table Q in the state of California section of appendix D for the facts and data used to evaluate the geographic distribution of the bank's originations and purchases of small loans to businesses.

San Diego County Assessment Area

For 2021, the bank originated and purchased 3.3 percent of small loans to businesses in low-income CTs, which was lower than the demographic percentage of 5.6 percent and aggregate lending of 5.2 percent, reflecting reasonable distribution. The bank originated and purchased 12.1 percent of small loans to businesses in moderate-income CTs, which was lower than the 14.7 percent of businesses and 14.3 percent of aggregate lending in these CTs. This represents reasonable distribution.

For 2022-23, the bank originated and purchased 2.7 percent of small loans to businesses in low-income CTs, which was lower than but near to the demographic percentage of 3.8 percent and aggregate lending of 3.4 percent, reflecting reasonable distribution. The bank originated and purchased 20.8 percent of small loans to businesses in moderate-income CTs, which exceeded both the 17.4 percent of businesses and 16.7 percent of aggregate lending in these CTs. This represents excellent distribution.

Inland Empire Assessment Area

For 2021, the bank originated and purchased 1.0 percent of small loans to businesses in low-income CTs, which was lower than the demographic of 4.2 percent and aggregate lending of 3.5 percent, reflecting reasonable distribution. The bank originated and purchased 17.1 percent of small loans to businesses in moderate-income CTs, which was lower than the demographic of 24.8 percent and aggregate lending of 23.8 percent. This represents reasonable distribution.

For 2022-23, the bank did not originate and purchase any loans in low-income CTs, reflecting very poor distribution. The demographic percentage of AA businesses in low-income CTs was 2.8 percent and the aggregate lending was 2.1 percent. The bank originated and purchased 30.2 percent of small loans to businesses in moderate-income CTs, which exceeded both the demographic percentage of 23.2 percent and aggregate lending of 21.4 percent. This represents excellent distribution.

Southern California Assessment Area

For 2021, the bank originated and purchased 3.2 percent of small loans to businesses in low-income CTs, which is lower than but near to the demographic percentage of 4.9 percent and aggregate lending of 4.8 percent, reflecting reasonable distribution. The bank originated and purchased 21.2 percent of

small loans to businesses in moderate-income CTs, which exceeded both the 19.3 percent of businesses and 19.9 percent of aggregate lending in these CTs. This represents excellent distribution.

For 2022-23, the bank originated and purchased 2.8 percent of small loans to businesses in low-income CTs, which is lower than but near to the demographic percentage of 3.4 percent and aggregate lending of 3.3 percent, reflecting reasonable distribution. The bank originated and purchased 12.6 percent of small loans to businesses in moderate-income CTs, which is lower than the 18.7 percent of businesses and 19.9 percent of aggregate lending in these CTs. This represents reasonable distribution.

Ventura County Assessment Area

For 2021, the bank originated and purchased 3.5 percent of small loans to businesses in low-income CTs, lower than but near to the demographic percentage of 4.8 and aggregate percentage of 4.8 percent, reflecting reasonable distribution. The bank originated and purchased 17.2 percent of small loans to businesses in moderate-income CTs, lower than the demographic percentage of 19.6 percent and aggregate lending of 19.0 percent. This represents reasonable distribution.

For 2022-23, the bank did not originate and purchase any loans in low-income CTs, reflecting very poor distribution. The demographic percentage of AA businesses in low-income CTs was 2.9 percent and aggregate lending was 3.2 percent. The bank originated and purchased 38.1 percent of small loans to businesses in moderate-income CTs, which exceeded both the demographic percentage of 16.8 percent and aggregate lending of 15.9 percent. This represents excellent distribution.

Lending Gap Analysis

The OCC reviewed summary reports and maps and analyzed the bank's small business lending activity over the evaluation period to identify any gaps in geographic distribution of loans. The OCC did not identify any unexplained conspicuous gaps in the bank's AAs.

Distribution of Loans by Income Level of the Borrower

Overall, the bank exhibits poor distribution of loans to businesses of different sizes, given the product lines offered by the bank. BoSC does not meet the standard for satisfactory performance in lending to businesses with gross annual revenue (GAR) of \$1 million or less and reflects poor distribution within its AAs.

Small Loans to Businesses

Refer to Table R in the state of California section of appendix D for the facts and data used to evaluate the borrower distribution of the bank's originations and purchases of small loans to businesses.

The approximately 1,800 PPP loans originated by the bank in 2021 did not have Gross Annual Revenue (GAR) data collected. Consequently, the percentages of bank loans compared with AA demographic and aggregate percentages are extremely low and analysis would not be meaningful. As a result, we analyzed the distribution of loans by using loan size as a proxy for revenue of the borrower.

San Diego County Assessment Area

For 2021, Table R shows the 2.2 percent of loans originated by the bank to businesses with revenues less than or equal to \$1 million is significantly below the 90.1 percent of businesses and the aggregate peer data of 46.4 percent in the SD County AA and reflects very poor distribution.

However, using loan size as a proxy for revenue of the borrower, the table below shows that approximately 99.9 percent of the number of loans originated and purchased by the bank were in amounts equal to or less than \$1 million. This represents excellent distribution in the SD County AA. In addition, 66.4 percent were loans in amounts equal to or less than \$100 thousand, reflecting responsiveness to the lending needs of small businesses.

| Borrower Distribution of Loans to Businesses by Loan Size in San Diego County AA | | | | |
|---|------------------------|--------------------------|-------------------------------|---------------------------------|
| Loan Size (000's) | Number of Loans | Percent of Number | Dollar Volume of Loans | Percent of Dollar Volume |
| \$0 - \$100,000 | 528 | 67.1 | 17,715 | 16.3 |
| \$100,001 - \$250,000 | 132 | 16.8 | 21,212 | 19.6 |
| \$250,001 - \$500,000 | 67 | 8.5 | 25,215 | 23.3 |
| \$500,001 - \$1,000,000 | 60 | 7.6 | 44,242 | 40.8 |
| Total | 787 | 100.0 | 108,384 | 100.0 |

For 2022-23, Table R shows the 24.8 percent of loans originated by the bank to businesses with revenues less than or equal to \$1 million is below the 91.8 percent of businesses and the aggregate peer data of 52.3 percent in the SD AA and reflects reasonable distribution.

Inland Empire Assessment Area

For 2021, Table R shows the 2.3 percent of loans originated by the bank to businesses with revenues less than or equal to \$1 million is significantly below the 89.3 percent of businesses and the aggregate peer data of 46.3 percent in the IE AA and reflects very poor distribution.

However, using loan size as a proxy for revenue of the borrower, the table below shows that approximately 100 percent of the number of loans originated and purchased by the bank were in amounts equal to or less than \$1 million. This represents excellent distribution in the IE AA. In addition, 63.8 percent were loans in amounts equal to or less than \$100 thousand, reflecting responsiveness to the lending needs of small businesses.

| Borrower Distribution of Loans to Businesses by Loan Size in Inland Empire AA | | | | |
|--|------------------------|--------------------------|-------------------------------|---------------------------------|
| Loan Size (000's) | Number of Loans | Percent of Number | Dollar Volume of Loans | Percent of Dollar Volume |
| \$0 - \$100,000 | 194 | 63.8 | 6,114 | 16.1 |
| \$100,001 - \$250,000 | 60 | 19.7 | 9,174 | 24.1 |
| \$250,001 - \$500,000 | 36 | 11.8 | 13,460 | 35.3 |
| \$500,001 - \$1,000,000 | 14 | 4.6 | 9,344 | 24.5 |
| Total | 304 | 100.0 | 38,092 | 100.0 |

For 2022-23, Table R shows the 15.9 percent of loans originated by the bank to businesses with revenues less than or equal to \$1 million is significantly below the 91.3 percent of businesses and the aggregate peer data of 53.2 percent in the IE AA and reflects poor distribution.

Southern California Assessment Area

For 2021, Table R shows the 1.6 percent of loans originated by the bank to businesses with revenues less than or equal to \$1 million is significantly below the 90.6 percent of businesses and the aggregate peer data of 45.3 percent in the SC AA and reflects very poor distribution.

However, using loan size as a proxy for revenue of the borrower, the table below shows that approximately 100 percent of the number of loans originated and purchased by the bank were in amounts equal to or less than \$1 million. This represents excellent distribution in the SC AA. In addition, a substantial majority, 67.4 percent, were loans in amounts equal to or less than \$100 thousand, reflecting responsiveness to the lending needs of small businesses.

| Borrower Distribution of Loans to Businesses by Loan Size in Southern California AA | | | | |
|--|----------------------------|------------------------------|-----------------------------------|-------------------------------------|
| Loan Size (000's) | Number of Loans | Percent of Number | Dollar Volume of Loans | Percent of Dollar Volume |
| \$0 - \$100,000 | 533 | 67.4 | 16,105 | 15.4 |
| \$100,001 - \$250,000 | 138 | 17.5 | 22,333 | 21.4 |
| \$250,001 - \$500,000 | 65 | 8.2 | 24,065 | 23.0 |
| \$500,001 - \$1,000,000 | 55 | 6.9 | 41,991 | 40.2 |
| Total | 791 | 100.0 | 104,494 | 100.0 |

For 2022-23, Table R shows the 15.4 percent of loans originated by the bank to businesses with revenues less than or equal to \$1 million is significantly below the 92.4 percent of businesses and the aggregate peer data of 51.9 percent in the Southern California AA and reflects poor distribution.

Ventura County Assessment Area

For 2021, Table R shows the 20.7 percent of loans originated by the bank to businesses with revenues less than or equal to \$1 million is significantly below the 88.6 percent of businesses and the aggregate peer data of 45.2 percent in the Ventura AA and reflects poor distribution. The Westlake Village branch opened as an LPO on February 9, 2021, then transitioned to a full-service branch on July 9, 2021, which could account for the lower than peer loan volumes.

However, using loan size as a proxy for revenue of the borrower, the table below shows that 100 percent of the number of loans originated and purchased by the bank were in amounts equal to or less than \$1 million. This represents excellent distribution in the Ventura AA. In addition, a majority, 37.9 percent, were loans in amounts equal to or less than \$100 thousand, reflecting responsiveness to the lending needs of small businesses.

| Borrower Distribution of Loans to Businesses by Loan Size in Ventura County AA | | | | |
|---|----------------------------|------------------------------|-----------------------------------|-------------------------------------|
| Loan Size (000's) | Number of Loans | Percent of Number | Dollar Volume of Loans | Percent of Dollar Volume |
| \$0 - \$100,000 | 11 | 37.9 | 280 | 3.7 |
| \$100,001 - \$250,000 | 5 | 17.3 | 946 | 12.5 |
| \$250,001 - \$500,000 | 9 | 31.0 | 3,462 | 45.7 |
| \$500,001 - \$1,000,000 | 4 | 13.8 | 2,887 | 38.1 |
| Total | 29 | 100.0 | 7,575 | 100.0 |

For 2022-23, Table R shows that 4.8 percent of loans originated by the bank to businesses with revenues less than or equal to \$1 million is significantly below the 90.2 percent of businesses and the aggregate peer data of 51.6 percent in the Ventura AA and reflects very poor distribution.

Responses to Complaints

The bank did not receive any CRA related complaints during the evaluation period.

COMMUNITY DEVELOPMENT TEST

The bank's performance under the Community Development Test in the state of California is rated Outstanding.

Conclusions for Area Receiving a Full-Scope Review

Based on a full-scope review, the bank exhibits excellent responsiveness to CD needs in the state through CD loans, qualified investments and donations, and services, as appropriate, considering the bank's capacity and the need and availability of such opportunities for community development in the bank's AAs. Performance related to community development activities had a positive effect on the bank's rating in the state.

During the evaluation period, BoSC's aggregate CD loans, investments and donations totaled \$155.6 million inside their four AAs. We qualified an additional \$14.2 million in the larger state or regional area. In addition, employees provided an aggregate 1,911 service hours to 32 qualified organizations with a focus on nonprofit organizations that provide services for LMI individuals and families.

Number and Amount of Community Development Loans

The Community Development Loans Table, shown below, sets forth the information and data used to evaluate the bank's level of CD lending. The table includes all CD loans, including multifamily loans that also qualify as CD loans.

| Community Development Loans | | | | |
|-----------------------------|-----------|--------------|----------------|---------------|
| Assessment Area | Total | | | |
| | # | % of Total # | \$(000's) | % of Total \$ |
| San Diego County | 22 | 25.9 | 32,843 | 20.9 |
| Inland Empire | 9 | 10.6 | 27,574 | 17.5 |
| Southern California | 48 | 56.5 | 85,870 | 54.6 |
| Ventura County | 0 | 0 | 0 | 0 |
| Statewide or Regional Area | 6 | 7.0 | 11,001 | 7.0 |
| Total | 85 | 100.0 | 157,290 | 100.0 |

The level of CD loans represents an excellent responsiveness to identified needs within the AAs, with the exception of the Ventura County AA. During the evaluation period, the bank made 79 qualified CD loans inside the AAs totaling \$146.3 million primarily in the SC AA and SD AA. A majority of the qualified loans were attributed to PPP loans originated in 2021, which reflected a responsiveness to community needs during the COVID-19 pandemic, and SBA 504 loans that provide long-term, fixed

rate financing for major fixed assets that promote business growth and job creation. Additional CD loan examples include:

- An SBA 504 loan that supports a business providing in home to care to people with disabilities, which retained 87 LMI jobs.
- A loan to a nonprofit that provides affordable senior housing and will also retain 309 LMI jobs and create 15 new jobs.
- SBA 504 loans to promote economic development by providing long-term financing for small businesses.

With the bank's responsiveness to needs within the AA, we also considered statewide or regional activities that had a purpose, mandate, or function for community development. The bank originated four CD loans in the statewide or regional area totaling \$11.0 million. Four loans created a total of 299 units of affordable housing. The other two loans were SBA 504 loans to promote economic development by providing long-term financing for small businesses.

Number and Amount of Qualified Investments

The Qualified Investments Table, shown below, sets forth the information and data used to evaluate the bank's level of qualified CD investments and donations. This table includes all CD investments and donations, including any prior period investments that remain outstanding as of the examination date.

| Qualified Investments and Donations | | | | | | | | | | |
|---|---------------|--------------|----------------|--------------|-----------|--------------|---------------|---------------|------------------------|--------------|
| Assessment Area | Prior Period* | | Current Period | | Total | | | | Unfunded Commitments** | |
| | # | \$(000's) | # | \$(000's) | # | % of Total # | \$(000's) | % of Total \$ | # | \$(000's) |
| San Diego County AA | 3 | 4,987 | 10 | 438 | 13 | 17.3 | 5,425 | 43.3 | 1 | 382 |
| Inland Empire AA | 2 | 291 | 11 | 550 | 13 | 17.3 | 841 | 6.7 | 1 | 382 |
| Southern California AA | 2 | 300 | 33 | 2,517 | 35 | 46.7 | 2,817 | 22.5 | 1 | 765 |
| Ventura County AA | 1 | 36 | 10 | 208 | 11 | 14.7 | 244 | 1.9 | 0 | 0 |
| Outside AA*** | 2 | 2,775 | 1 | 431 | 3 | 4.0 | 3,206 | 25.6 | 0 | 0 |
| Total | 10 | 8,389 | 65 | 4,144 | 75 | 100 | 12,533 | 100 | 3 | 1,529 |
| <p>* Prior Period Investments' means investments made in a previous evaluation period that are outstanding as of the examination date.</p> <p>** Unfunded Commitments' means legally binding investment commitments that are tracked and recorded by the institution's financial reporting system.</p> <p>*** Outside Assessment area investments are located in the broader statewide or regional areas.</p> | | | | | | | | | | |

BoSC demonstrated excellent responsiveness to the CD needs in its AAs. During the evaluation period, qualified investments and donations totaled \$12.5 million. These totals include prior period investments of \$5.6 million, and outside AA investments of \$3.2 million. The bank made \$3.7 million, or 64 individual investments/donations within the current period for its four AAs. The qualified investments and donations included investments in SBA loan pools, Low Income Housing Tax Credits (LIHTC),

minority deposit institutions (MDIs), and numerous donations to organizations which provide affordable housing services including downpayment assistance and U.S. Department of Housing and Urban Development (HUD) counseling to LMI families, provide medical services to LMI adults without health insurance, and support community services dedicated to LMI youth and family programs.

Extent to Which the Bank Provides Community Development Services

The bank's level of CD services reflects an excellent responsiveness to identified needs within the AAs. BoSC employees contributed 1,911 hours to 32 qualified CD organizations during the evaluation period. Examples of CD services provided by bank staff include:

- Facilitating small business loan guarantees through weekly service reviewing loan applications that would not be approved in a bank's normal course of business for the Small Business Financial Development Corporation (SBFDC).
- Serving as advisory board members for several nonprofit organizations that provide services for LMI individuals and families.
- Providing financial program creation and support to advance the FDIC Alliance for Economic Inclusion (AEI) in Los Angeles.

The bank provided qualified service hours to organizations totaling 13 hours in the SD County AA, 294 hours in the IE AA, 1,445 hours in the SC AA, and 144 hours in the Ventura County AA.

In addition, bank management participated in LA REACH (Roundtable for Economic Access and Change), through Project REACH, to provide MDIs resources to evolve and thrive in the quickly changing financial service industry. In addition, bank employees provided additional service hours that benefited the AAs but did not qualify as CRA activities.

Appendix A: Scope of Examination

The following table identifies the time period covered in this evaluation, affiliate activities that were reviewed, and loan products considered. The table also reflects the MSA(s) and non-MSA(s) that received comprehensive examination review, designated by the term “full-scope,” and those that received a less comprehensive review, designated by the term “limited-scope”.

Appendix B: Summary of MMSA and State Ratings

| RATINGS | | Bank of Southern California | |
|-----------------------------|-----------------------------|------------------------------------|---|
| Overall Bank: | Lending Test Rating* | CD Test Rating | Overall Bank/State/Multistate Rating |
| Bank of Southern California | Satisfactory | Outstanding | Satisfactory |
| MMSA or State: | | | |
| California | Satisfactory | Outstanding | Satisfactory |

(*) The Lending Test and Community Development Test carry equal weight in the overall rating.

Appendix C: Definitions and Common Abbreviations

The following terms and abbreviations are used in this performance evaluation, including the CRA tables. The definitions are intended to provide the reader with a general understanding of the terms, not a strict legal definition.

Affiliate: Any company that controls, is controlled by, or is under common control with another company. A company is under common control with another company if the same company directly or indirectly controls both companies. For example, a bank subsidiary is controlled by the bank and is, therefore, an affiliate.

Aggregate Lending (Aggt.): The number of loans originated and purchased by all reporting lenders (HMDA or CRA) in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the state/assessment area.

Census Tract (CT): A small, relatively permanent statistical subdivision of a county delineated by a local committee of census data users for the purpose of presenting data. Census tracts nest within counties, and their boundaries normally follow visible features, but may follow legal geography boundaries and other non-visible features in some instances, Census tracts ideally contain about 4,000 people and 1,600 housing units.

Combined Statistical Area (CSA): A geographic entity consisting of two or more adjacent Core Based Statistical Areas with employment interchange measures of at least 15. An employment interchange measure is a measure of ties between two adjacent entities. The employment interchange measure is the sum of the percentage of workers living in the smaller entity who work in the larger entity and the percentage of employment in the smaller entity that is accounted for by workers who reside in the larger entity.

Community Development (CD): Affordable housing (including multifamily rental housing) for low- or moderate-income individuals; community services targeted to low- or moderate-income individuals; activities that promote economic development by financing businesses or farms that meet Small Business Administration Development Company or Small Business Investment Company programs size eligibility standards or have gross annual revenues of \$1 million or less; or activities that revitalize or stabilize low- or moderate-income geographies, distressed or underserved nonmetropolitan middle-income geographies, or designated disaster areas.

Community Reinvestment Act (CRA): The statute that requires the OCC to evaluate a bank's record of meeting the credit needs of its entire community, including LMI areas, consistent with the safe and sound operation of the bank, and to take this record into account when evaluating certain corporate applications filed by the bank.

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, other secured consumer loans, and other unsecured consumer loans.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family, which is further classified into ‘male householder’ (a family with a male householder’ and no wife present) or ‘female householder’ (a family with a female householder and no husband present).

Full-Scope Review: Performance under the Lending, Investment, and Service Tests is analyzed considering performance context, quantitative factors (e.g., geographic distribution, borrower distribution, and total number and dollar amount of investments), and qualitative factors (e.g., innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that conduct business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants, the amount of loan requested, the disposition of the application (e.g., approved, denied, and withdrawn), the lien status of the collateral, any requests for preapproval, and loans for manufactured housing.

Home Mortgage Loans: A closed-end mortgage loan or an open-end line of credit as these terms are defined under 12 CFR 1003.2, and that is not an excluded transaction under 12 CFR 1003.3(c)(1) through (c)(10) and (c)(13).

Household: Includes all persons occupying a housing unit. Persons not living in households are classified as living in group quarters. In 100 percent tabulations, the count of households always equals the count of occupied housing units.

Limited-Scope Review: Performance under the Lending, Investment, and Service Tests is analyzed using only quantitative factors (e.g., geographic distribution, borrower distribution, total number and dollar amount of investments, and branch distribution).

Low-Income Individual: Individual income that is less than 50 percent of the area median income.

Low Income Geography: A census tract with a median family income that is less than 50 percent.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the state/assessment area.

Median Family Income (MFI): The median income determined by the U.S. Census Bureau every five years and used to determine the income level category of geographies. The median is the point at which half of the families have income above, and half below, a range of incomes. Also, the median income determined by the Federal Financial Institutions Examination Council (FFIEC) annually that is used to determine the income level category of individuals. For any given area, the median is the point at which half of the families have income above, and half below, a range of incomes.

Metropolitan Division: As defined by Office of Management and Budget, a county or group of counties within a Core Based Statistical Area that contains an urbanized population of at least 2.5 million. A Metropolitan Division consists of one or more main/secondary counties that represent an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area: An area, defined by the Office of Management and Budget, as a core based statistical area associated with at least one urbanized area that has a population of at least 50,000. The Metropolitan Statistical Area comprises the central county or counties containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 percent and less than 120 percent, in the case of a geography

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 percent and less than 80 percent, in the case of a geography.

Multifamily: Refers to a residential structure that contains five or more units.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A qualified investment is defined as any lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rating Area: A rated area is a state or multi-state metropolitan statistical area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multi-state metropolitan statistical area, the institution will receive a rating for the multi-state metropolitan statistical area.

Small Loan(s) to Business(es): A loan included in 'loans to small businesses' as defined in the Consolidated Report of Condition and Income (Call Report) instructions. These loans have original amounts of \$1 million or less and typically are either secured by nonfarm or nonresidential real estate or are classified as commercial and industrial loans.

Small Loan(s) to Farm(s): A loan included in 'loans to small farms' as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, or are classified as loans to finance agricultural production and other loans to farmers.

Tier 1 Capital: The total of common shareholders' equity, perpetual preferred shareholders' equity with non-cumulative dividends, retained earnings and minority interests in the equity accounts of consolidated subsidiaries.

Upper-Income: Individual income that is at least 120 percent of the area median income, or a median family income that is at least 120 percent, in the case of a geography.

Appendix D: Tables of Performance Data

Content of Standardized Tables

A separate set of tables is provided for each state. All multistate metropolitan statistical areas, if applicable, are presented in one set of tables. References to the “bank” include activities of any affiliates that the bank provided for consideration (refer to appendix A: Scope of the Examination). For purposes of reviewing the Lending Test tables, the following are applicable: (1) purchased are treated as originations; and (2) “aggregate” is the percentage of the aggregate number of reportable loans originated and purchased by all HMDA or CRA-reporting lenders in the MMSA/assessment area. Deposit data are compiled by the FDIC and are available as of June 30th of each year. Tables without data are not included in this PE.

The following is a listing and brief description of the tables included in each set:

Table Q. Assessment Area Distribution of Loans to Small Businesses by Income Category of the Geography - The percentage distribution of the number of small loans (less than or equal to \$1 million) to businesses that were originated and purchased by the bank in low-, moderate-, middle-, and upper-income geographies compared to the percentage distribution of businesses (regardless of revenue size) in those geographies. Because aggregate small business data are not available for geographic areas smaller than counties, it may be necessary to compare bank loan data to aggregate data from geographic areas larger than the bank’s assessment area.

Table R. Assessment Area Distribution of Loans to Small Businesses by Gross Annual Revenue - Compares the percentage distribution of the number of small loans (loans less than or equal to \$1 million) originated and purchased by the bank to businesses with revenues of \$1 million or less to: 1) the percentage distribution of businesses with revenues of greater than \$1 million; and 2) the percentage distribution of businesses for which revenues are not available. The table also presents aggregate peer small business data for the years the data is available.

The total loan amount presented in the tables for each assessment area may differ from the total loan amount reported in the aggregate table due to how the underlying loan data is rounded in each table.

COMMUNITY REINVESTMENT ACT PERFORMANCE EVALUATION

California Bank of Commerce
Certificate Number: 58583

2999 Oak Road, Suite 910
Walnut Creek, California 94597

Federal Deposit Insurance Corporation
Division of Depositor and Consumer Protection
San Francisco Regional Office

25 Jessie Street at Ecker Square, Suite 2300
San Francisco, California 94105

This document is an evaluation of this institution's record of meeting the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. This evaluation is not, nor should it be construed as, an assessment of the financial condition of this institution. The rating assigned to this institution does not represent an analysis, conclusion, or opinion of the federal financial supervisory agency concerning the safety and soundness of this financial institution.

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **Satisfactory**.

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

The Lending Test is rated Satisfactory.

- The loan-to-deposit (LTD) ratio is reasonable given the institution's size, financial condition, and the assessment area (AA) credit needs.
- A majority of loans and other lending related activities are in the institution's AA.
- The geographic distribution of loans reflects excellent dispersion throughout the AA.
- The distribution of borrowers reflects, given the demographics of the AA, reasonable penetration among businesses of different revenue sizes.
- The institution did not receive any CRA-related complaints since the previous evaluation; therefore, this factor did not affect the Lending Test rating.

The Community Development Test is rated Satisfactory.

The institution's Community Development (CD) performance demonstrates an adequate responsiveness to CD needs in its AA through CD loans, qualified investments, and CD services, as appropriate, considering the institution's capacity and the need and availability of such opportunities for CD in the institution's AA.

DESCRIPTION OF INSTITUTION

California Bank of Commerce (CBC) is a state-chartered, non-member bank headquartered in Walnut Creek, California. The bank is wholly-owned by California Bancorp, a holding company formed in June 2017. California Bancorp, began listing its stock on NASDAQ Global Market in March 2020 under the trading ticker "CALB."

CBC received a "Satisfactory" rating at the previous FDIC Performance Evaluation, dated January 27, 2020, based on Interagency Intermediate Small Institution (ISB) Examination Procedures. CBC does not have any affiliate relationships. No merger or acquisition activities have occurred since the previous evaluation. The bank incorporated CBC Charitable Foundation on April 13, 2021 (<https://www.californiabankofcommerce.com/cbc-charitable-foundation/>). The bank's mission is to assist nonprofit organizations that promote economic growth and foster quality of life for all.

The bank has a sole full-service branch office located in Walnut Creek, and operates four Loan Production Offices (LPOs) in Walnut Creek, Oakland, San Jose, and Sacramento. During this evaluation period, the bank's headquarters relocated, two branches closed; and LPO activity included consolidating, closing and opening as follows:

The following are changes in the bank's headquarters and branch activities during the review period:

- 1) The bank's main office located in Contra Costa County, was relocated on August 3, 2020, from 3595 Mount Diablo Blvd., Suite 220, Lafayette, CA (upper-income CT) to 2999 Oak Rd., Suite 210, Walnut Creek, CA (moderate-income CT). The relocation of this branch benefits LMI geographies.
- 2) The Fremont Branch located at 47065 Warm Springs Blvd., Fremont, Alameda County, CA (upper income-CT) was closed on March 13, 2020.
- 3) The San Jose Branch located at 333 W. San Carlos St., Suite 1600, San Jose, Santa Clara County, CA (low-income CT) was closed on February 28, 2022, and converted to an LPO on March 1, 2022.
- 4) The San Jose LPO was closed and consolidated with W. San Carlos LPO located at 160 W. Santa Clara St., Suite 700, San Jose, Santa Clara County, CA (middle-income CT) on August 12, 2022.

The closure of the San Jose branch impacts LMI geographies; however, there are approximately 11 other banks located less than one mile of this location. The bank has invested in electronic banking tools that allow customers to transact activities without a physical location. Customers may use ATM Debit Cards, online banking, and mobile deposit products to conduct banking activities.

The institution's primary lending focus is commercial, with a particular focus on small- to medium-sized businesses, and professional service organizations. CBC offers a variety of loan products, including but not limited to: Commercial and Industrial loans including revolving and non-revolving

lines of credit, commercial term, and practice banking (dental/veterinary) loans. Real estate lending includes construction, commercial real estate, and commercial real estate lines of credit. The Specialty Banking Division offers Sponsor Finance, asset-based lending, and technology lending programs.

The bank also offers Small Business Administration (SBA), and Agriculture Production lending. Consumer lending includes consumer lines of credit, overdraft lines of credit, and home equity lines of credit. Additionally, management began purchasing pools of solar loans during 2020 from a solar financier. CBC purchased 4 tranches from 2020 to 2021 totaling approximately \$95.7 million. Additionally, CBC participated in the SBA Paycheck Protection Program (PPP) and originated approximately 900 SBA PPP loans during this review period. CBC also provides business and consumer deposit accounts, and a variety of cash management products and services: including checking, savings, money market accounts, and certificates of deposit. Alternative banking services include online and mobile banking.

As of the September 30, 2022, Consolidated Reports of Condition and Income (Call Report), assets totaled \$2.0 billion, loans totaled \$1.6 billion, deposits totaled \$1.7 billion, and securities totaled \$157.5 million. Since the previous evaluation, total assets increased approximately by 78.5 percent; securities increased by 451.7 percent; and total loans increased by 67.0 percent. The growth is largely attributed to the bank’s PPP participation. There are no financial, legal, or other impediments limiting the institution’s ability to meet the credit needs of its AA. CBC’s loan portfolio is illustrated in the following table.

| Loan Portfolio Distribution as of September 30, 2022 | | |
|---|------------------|--------------|
| Loan Category | \$(000) | % |
| Construction, Land Development and Other Land Loans | 76,738 | 4.8 |
| Secured by Farmland | 3,077 | 0.2 |

DESCRIPTION OF ASSESSMENT AREAS

The bank’s AA has not changed since the previous evaluation. The bank has delineated two AAs that include the Oakland AA, and the San Jose AA. The AAs are described below:

Oakland AA: A contiguous area consisting of Contra Costa and Alameda Counties. These counties comprise the Oakland-Berkeley-Livermore, CA Metropolitan Division (MD) #36084 in its entirety. The MD comprises a portion of the San Francisco-Oakland-Berkeley, CA Metropolitan Statistical Area (MSA) #41860. These areas further comprise a portion of the San Jose-San Francisco-Oakland, CA Combined Statistical Area (CSA) #488.

San Jose AA: Consists of Santa Clara County, which comprises a portion of the San Jose-Sunnyvale-Santa Clara, CA MSA #41940 that comprises a portion of the San Jose-San Francisco-Oakland, CA CSA #488.

Since the three counties are contiguous and comprise a portion of a single CSA, information is combined and presented as a single AA at a CSA level. Examiner analysis at the MSA level, did not offer differing conclusions or anomalies.

Economic and Demographic Data

Based on the 2015 ACS Census data, the AA consists of the following CT income designations:

- 109 low-income
- 211 moderate-income
- 302 middle-income
- 314 upper-income
- 5 with no income designation

The following table illustrates AA demographic characteristics according to the 2015 ACS and 2021 D&B Data.

| Demographic Information of the Assessment Area | | | | | | |
|--|-----------|-----------------------|------------------------------|--------------------------|-------------------------|-----------------------|

San Jose-Sunnyvale-Santa Clara MSA

Based on Moody’s Analytics, dated August 2022, the San Jose-Sunnyvale-Santa Clara MSA is labeled as “in a recovery stage” of the business cycle. The employment rate has been recovering; and three-quarters of the private sector industries continue to add jobs. Unemployment has fallen below the pre-recession rate with pressure to add more to the labor force. Home sales have slowed amidst supply constraints and decreasing affordability. The MSA’s house affordability levels falls

slightly below California. Despite high inflation, households are more likely to have savings. The region's top employers include Cisco Systems Inc.; Alphabet Inc.; eBay Inc.; Lockheed Martin Corporation; and Intel Corporation. The cost of living and doing business is above average at 178.0 percent, and 163.0 percent, respectively. Manufacturing and high tech are the main drivers of economic growth in the area.

Oakland-Hayward-Berkeley MSA

Based on Moody's Analytics, dated December 2022, the Oakland-Hayward-Berkeley MSA is labeled as "an at-risk stage" of the business cycle. The job growth has slowed while employment remains below its pre-recession level. The public sector has been struggling to find employees while the leisure/hospitality and healthcare industries have been leading in employment gains. Housing continues to be unaffordable as the high prices, high mortgage rates, and slow income growth are contributing to the unaffordability within the area. The MSA's house affordability levels are consistent with California's levels. The region's top employers include University of California, Berkeley, Western Digital, Chevron Corp., Grifols, and Lawrence Livermore National Laboratory. The cost of living and doing business is above average at 147.0 percent, and 122.0 percent, respectively. The medical industry and high tech are the main drivers of economic growth in the area.

Competition

CBC operates in a highly competitive market. As of June 30, 2022, CBC competed with 62 national, regional, and other community banks operating 772 branches in the AA. Larger financial institutions with local offices include Silicon Valley Bank, Wells Fargo Bank, Bank of America, and JP Morgan Chase Bank. In addition, CBC competes with other nonbank financial service providers, such as Fintechs, for loan customers throughout the AA. CBC's market share of deposits in the AA is 0.4 percent, representing an 18th place ranking according to FDIC's Summary of Deposits Report.

Community Contact

As part of the evaluation process, examiners contacted third parties active in the AA to assist in identifying the credit and CD needs. This information helps determine whether local financial institutions are responsive to these needs. It also shows what credit and CD opportunities are available.

Examiners contacted two economic development organizations. The first contact assists small businesses in the San Jose area. The contact indicated that living and business costs are high in San Jose. Although the costs are not as high as compared to other surrounding areas, there is a need for more capital to assist small businesses. The small businesses in the area has been struggling since the first wave of COVID-19; although small businesses have been recovering since early 2022. The contact also indicated that there is a primary need for more assistance from banks that are willing to help serve the credit needs of small businesses. The contact would like to see more involvement from local financial institutions particularly in conducting workshops as well as financial literacy education assistance to small business owners.

The second contact is a small business development center (SBDC) that serves the Oakland MD, and offers a variety of housing types, property management, and property development. The contact indicated that Oakland is recovering from the COVID-19 pandemic. The contact described that housing and living costs in the MD remain high. The COVID-19 pandemic caused many small businesses to close, though the organization has also seen more start-up businesses. The contact indicated that while the area is recovering from the pandemic, there is a need for small business assistance. The contact mentioned there are many opportunities for local financial institutions to participate in financial coaching and workshop programs within the SBDC. The contact expressed that more participation from local financial institutions is necessary.

Credit and Community Development Needs and Opportunities

Considering area demographics, economic data, conversation with bank management and community contacts, examiners determined that small business lending, particularly micro-lending, and affordable housing are the most significant credit needs in the AA. Additionally, affordable housing represents a critical CD need of the AA; however, opportunities are limited due to low supply, limited space, and high cost. Opportunities exist for meeting the needs of both small business lending and affordable housing. Additionally, given the large homeless population and lack of affordable housing, there will be a continued need to assist and retain the LMI population of the AA through community services.

SCOPE OF EVALUATION

General Information

This evaluation covers the period from the previous evaluation dated January 27, 2020, to the current period dated January 3, 2023. Examiners used the ISB Examination Procedures to evaluate the institution's CRA performance.

Activities Reviewed

Considering the bank's business strategy and the number and dollar volume of loans originated during the review period, small business loans represent a major product line. No other loan types, including home mortgage loans, multi-family loans, consumer loans, or small farm loans represent a major product line. CBC did not meet the reporting requirements of the Home Mortgage Disclosure Act due to low lending volumes. Examiner used full-scope procedures to analyze and conclude bank performance within the combined AA.

For the Lending Test, examiners reviewed the universe of small business loans originated and purchased in calendar years 2020 and 2021. The bank originated 791 small business loans totaling approximately \$219.7 million in 2020; and 569 small business loans totaling approximately \$165.0 million in 2021. CBC began collecting small business data in calendar year 2022; however, during this evaluation period, the bank was not required to and did not collect small business data. Examiners compared the bank's performance of small business lending against the 2020 and 2021 D&B data. It should be noted, that D&B data includes all businesses in a given area that voluntarily

respond to a survey request, including a large number of small businesses that have limited or no credit needs. The D&B data is primarily considered an indicator of business demographics in the AA, and is not considered an absolute distribution of credit needs or commercial lending opportunities. Under the borrower profile criterion, examiners considered the 2020 aggregate lending data from large banks, which are required to publish their small business loan activity. Since CBC is not a CRA reporter, the 2020 aggregate data was not compared directly to the bank's data, but it is used to understand small business loan demand in the AA. The 2021 aggregate data was not available as of this evaluation date.

For the CD Test, examiners evaluated the institution's CD loans, qualified investments and donations, and CD services from January 27, 2020 to January 3, 2023, the date of this evaluation.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

CBC's Lending Test is rated Satisfactory. Performance under the LTD Ratio, AA Concentration, Geographic Distribution, and Borrower Profile criteria support this conclusion.

Loan-to-Deposit Ratio

CBC's LTD ratio is reasonable given its asset size, financial condition, and AA credit needs.

The LTD ratio averaged 87.4 percent over the previous 11 quarters from March 31, 2020 to September 30, 2022. The LTD ratio ranged from a low of 73.8 percent as of September 30, 2021, to a high of 95.2 percent as of June 30, 2022. Examiners compared CBC's average LTD performance to similar institutions based on asset size, geographic location, and lending focus.

The following table illustrates CBC's LTD ratio compared to the similarly-situated institutions.

| LTD Ratio Comparison | | |
|--|---|--|
| Bank | Total Assets as of September 30, 2022 (\$000s) | Average Net LTD Ratio (%) |
| California Bank of Commerce | \$2,056.5 | 87.4 |
| Similarly-Situated Institution #1 | \$2,518.4 | 85.7 |
| Similarly-Situated Institution #2 | \$1,979.5 | 73.4 |
| <i>Source: Call Report 03/31/2020 – 09/30/2022</i> | | |

Assessment Area Concentration

A majority of lending activity is in the institution's AA. The following table illustrates the lending performance during this evaluation period.

| Inside and Outside of the Assessment Area | | | | | | | | | | |
|--|-----------------|-------------|------------|-------------|--------------|---------------------------------|-------------|----------------|-------------|-------------------|
| Loan Category | Number of Loans | | | | Total # | Dollar Amount of Loans \$(000s) | | | | Total \$(000s) |
| | Inside | | Outside | | | Inside | | Outside | | |
| | # | % | # | % | | \$(000s) | % | \$(000s) | % | |
| Small Business | | | | | | | | | | |
| 2020 | 397 | 50.2 | 394 | 49.8 | 791 | 113,823 | 51.8 | 105,846 | 48.2 | 219,669 |
| 2021 | 295 | 51.8 | 274 | 48.2 | 569 | 88,619 | 53.7 | 76,398 | 46.3 | 165,017 |
| Total | 692 | 50.9 | 668 | 49.1 | 1,360 | 202,442 | 52.6 | 182,244 | 47.4 | 384,686 |
| <i>Source: Bank Data Due to rounding, totals may not equal 100.0%</i> | | | | | | | | | | |

Geographic Distribution

CBC's geographic distribution of small business loans reflects excellent dispersion throughout the AA. The bank exceeded D&B data in low- and moderate-income tracts for 2020. Moreover, the bank exceeded D&B data in low-income tracts while performance was slightly below in moderate-income tracts in 2021.

| Geographic Distribution of Small Business Loans | | | | | |
|---|------------------------|------------|--------------|-----------------|--------------|
| Assessment Area: CBC Bank-Wide AA | | | | | |
| Tract Income Level | % of Businesses | # | % | \$(000s) | % |
| Low | | | | | |
| 2020 | 7.6 | 50 | 12.6 | 18,609 | 16.3 |
| 2021 | 7.8 | 26 | 8.8 | 10,055 | 11.3 |
| Moderate | | | | | |
| 2020 | 19.5 | 78 | 19.6 | 27,624 | 24.3 |
| 2021 | 19.7 | 55 | 18.6 | 18,994 | 21.4 |
| Middle | | | | | |
| 2020 | 32.6 | 123 | 31.0 | 37,027 | 32.5 |
| 2021 | 32.4 | 96 | 32.5 | 26,273 | 29.6 |
| Upper | | | | | |
| 2020 | 40.2 | 146 | 36.8 | 30,563 | 26.9 |
| 2021 | 40.0 | 118 | 40.0 | 33,298 | 37.6 |
| Not Available | | | | | |
| 2020 | 0.1 | 0 | 0.0 | 0 | 0.0 |
| 2021 | 0.1 | 0 | 0.0 | 0 | 0.0 |
| Totals | | | | | |
| 2020 | 100.0 | 397 | 100.0 | 113,823 | 100.0 |
| 2021 | 100.0 | 295 | 100.0 | 88,619 | 100.0 |
| <i>Source: 2020 & 2021 D&B Data; Bank Data; "--" data not available. Due to rounding, totals may not equal 100.0%</i> | | | | | |

Borrower Profile

The distribution of borrowers reflects reasonable penetration among business customers of different revenue sizes. The following table includes the percentage of total businesses as reported by D&B as well as borrower distribution of small business loans in the AA. The bank's performance appears to be significantly below the percentage of businesses for both 2020 and 2021. As indicated earlier, examiners considered the 2020 aggregate lending data to understand loan demand in the AA, which shows a performance of 44.0 percent. The bank's performance in 2021 is showing a downward trend. While the bank's performance in 2021 is slightly lower than one comparable bank and slightly higher than another comparable bank, overall the bank's performance appears to be reasonable.

| Distribution of Small Business Loans by Gross Annual Revenue Category | | | | | |
|---|------------------------|------------|--------------|-----------------|--------------|
| Assessment Area: CBC Bank-Wide AA | | | | | |
| Gross Revenue Level | % of Businesses | # | % | \$(000s) | % |
| <=\$1,000,000 | | | | | |
| 2020 | 87.6 | 167 | 42.1 | 29,151 | 25.6 |
| 2021 | 88.8 | 108 | 36.6 | 20,257 | 22.9 |
| >\$1,000,000 | | | | | |
| 2020 | 4.8 | 209 | 52.6 | 80,295 | 70.5 |
| 2021 | 4.2 | 176 | 59.7 | 59,597 | 67.3 |

Response to Complaints

CBC did not receive any CRA-related complaints since the previous CRA Evaluation; therefore, this criterion did not impact the Lending Test rating.

COMMUNITY DEVELOPMENT TEST

CBC's CD performance demonstrates adequate responsiveness to CD needs in its AA through CD loans, qualified investments, and CD services, as appropriate, considering the institution's capacity and the need and availability of such opportunities for CD in the institution's AA.

Community Development Loans

CD loans represent 19.1 percent of average total assets and 26.4 percent of average total loans. This performance represents an increase compared to the prior evaluation results of 3.3 percent of average total assets and 3.9 percent of average total loans. The dollar volume increased by \$328.7 million, and number of qualified CD loans increased by 49 since the prior evaluation. CBC originated 38 CD loans totaling \$108.4 million in 2020; 47 CD loans totaling \$180.1 million in 2021; and 16 CD loans totaling \$71.7 million in 2022. This performance compares favorably to similarly situated institutions. The following table illustrates the bank's CD loan activity in the AA during the evaluation period.

| Community Development Lending | | | | | | | | | | |
|-------------------------------|--------------------|---------------|--------------------|----------|----------------------|---------------|-------------------------|----------------|------------|----------------|
| Assessment Area | Affordable Housing | | Community Services | | Economic Development | | Revitalize or Stabilize | | Totals | |
| | # | \$(000s) | # | \$(000s) | # | \$(000s) | # | \$(000s) | # | \$(000s) |
| AA | 2 | 7,283 | - | - | 17 | 37,087 | 39 | 136,560 | 58 | 180,930 |
| Statewide Activities | 8 | 45,700 | - | - | 1 | 1,250 | 25 | 107,342 | 34 | 154,292 |
| Regional Activities | 1 | 9,100 | - | - | 4 | 6,133 | 4 | 9,810 | 9 | 25,043 |
| Total | 11 | 62,083 | - | - | 22 | 44,470 | 68 | 253,712 | 101 | 360,265 |
| <i>Source: Bank Data</i> | | | | | | | | | | |

Below are notable examples of CD loans originated in the AA over the evaluation period:

- In 2021, the bank originated an SBA 504 PPP loan in the amount of \$3,000,000, to a business located in a low-income CT, supporting revitalize/stabilize by retaining employees.
- In 2022, the bank originated a \$2,500,000 loan to a business located in a moderate-income CT, which supports revitalization/stabilization of a moderate-income tract by retaining LMI employees.

Qualified Investments

The total dollar amount of qualified investments equates to 0.6 percent of average total assets and 12.0 percent of average securities since the previous evaluation. This performance represents a decrease compared to the prior evaluation results of 1.1 percent of average total assets and 38.5 percent of average total investments. This performance is comparable to similarly situated institutions. The bank made one new qualified investment during the review period. CBC's dollar amount of qualified investments increased from the previous evaluation. Six of the prior period investments are statewide and regional.

| Qualified Investments | | | | | | | | | | |
|------------------------------|--------------------|--------------|--------------------|-----------|----------------------|--------------|-------------------------|----------|-----------|---------------|
| Activity Year | Affordable Housing | | Community Services | | Economic Development | | Revitalize or Stabilize | | Totals | |

| Prior Period | 7 | 6,165 | - | - | - | - | - | - | 7 | 6,165 |
| 2020 | - | - | - | - | - | - | - | - | - | - |
| 2021 | - | - | - | - | - | - | - | - | - | - |
| 2022 | - | - | - | - | - | - | - | - | - | - |
| Statewide | - | - | - | - | 1 | 4,500 | - | - | 1 | 4,500 |
| Subtotal | 8 | 6,165 | - | - | - | - | - | - | 8 | 10,665 |
| Qualified Grants & Donations | 5 | 16 | 16 | 39 | - | - | - | - | 21 | 55 |
| Total | 13 | 6,181 | 16 | 39 | - | 4,500 | - | - | 29 | 10,720 |
| <i>Source: Bank Data</i> | | | | | | | | | | |

Below are notable examples of CD investment and donation provided during the evaluation period:

- The bank invested \$4.5 million in a statewide small business development fund benefitting economic development for small businesses.
- The bank donated \$5,000 to a non-profit organization located in the AA that works to prevent homelessness, providing critical home repairs to low-income homeowners at no cost to them.

Community Development Services

During the evaluation period, employees and Board of Directors provided 10 instances, or 484 hours of CD services to community organizations or programs, which represents a decrease of 280 hours from the previous evaluation of 764 hours. This performance represents 3.2 hours per full-time employee. This level of performance is lower than similarly situated institutions. Of the 484 hours, 240 service hours are to statewide organizations that include the bank’s AA. The following table illustrates the CD service hours by year.

| Community Development Services | | | | | |
|---------------------------------------|---------------------------|---------------------------|-----------------------------|--------------------------------|---------------|
| Activity Year | Affordable Housing | Community Services | Economic Development | Revitalize or Stabilize | Totals |
| | # | # | # | # | # |
| 2020 | - | 8 | - | - | 8 |
| 2021 | - | 8 | - | - | 8 |
| 2022 | - | 228 | - | - | 228 |
| Statewide | - | 90 | 70 | 80 | 240 |
| Total | - | 334 | 70 | 80 | 484 |

Source: Bank Data

Below are notable examples of CD services provided in the AA over the evaluation period:

- The bank participates in a corporate work-study program in partnership with a local high school. The program benefits LMI students and gives them an opportunity to work with San Francisco Bay Area businesses, non-profit organizations, governments, and community organizations.
- A bank officer serves as an Advisory Board Member to a non-profit organization that raises funds to support a traveling library that houses materials and resources for all ages; and reaching underprivileged neighborhoods that otherwise would not have library access.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

The bank’s compliance with the laws relating to discrimination and other illegal credit practices was reviewed, including the Fair Housing Act and the Equal Credit Opportunity Act. Examiners did not identify any discriminatory or other illegal credit practices.

APPENDICES

INTERMEDIATE SMALL BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by considering the following criteria:

- 1) The bank's loan-to-deposit ratio, adjusted for seasonal variation, and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;
- 2) The percentage of loans, and as appropriate, other lending-related activities located in the bank's assessment area(s);
- 3) The geographic distribution of the bank's loans;
- 4) The bank's record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes; and
- 5) The bank's record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

Community Development Test

The Community Development Test considers the following criteria:

- 1) The number and amount of community development loans;
- 2) The number and amount of qualified investments;
- 3) The extent to which the bank provides community development services; and
- 4) The bank's responsiveness through such activities to community development lending, investment, and service needs.

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

- (1) Support affordable housing for low- and moderate-income individuals;
- (2) Target community services toward low- and moderate-income individuals;
- (3) Promote economic development by financing small businesses or farms; or
- (4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Institution CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Institution CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

- (1) Has as its primary purpose community development; and
- (2) Except in the case of a wholesale or limited purpose institution:
 - (i) Has not been reported or collected by the institution or an affiliate for consideration in the institution's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
 - (ii) Benefits the institution's assessment area(s) or a broader statewide or regional area including the institution's assessment area(s).

Community Development Service: A service that:

- (1) Has as its primary purpose community development;
- (2) Is related to the provision of financial services; and
- (3) Has not been considered in the evaluation of the institution's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

- (1) An unemployment rate of at least 1.5 times the national average;
- (2) A poverty rate of 20 percent or more; or
- (3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into “male householder” (a family with a male householder and no wife present) or “female householder” (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g, geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g, innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area.

Performance under applicable tests is often analyzed using only quantitative factors (e.g, geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as **non-MSA**): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area’s population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, “urban” consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

“Urban” excludes the rural portions of “extended cities”; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.
